

DEMAND THAT LID BE LIFTED

Charge of Sensational Nature Made to Senate Com- mittee

WANT PUBLIC HEARING

Claimed That Guggenheim Syndi- cate Had Federal Officers Removed.

Washington, May 26.—Sensational allegations of political and civic corruption, including charges that the Guggenheim syndicate brought about the removal of two federal officers in Alaska, who were seeking to prosecute syndicate officers, became known today and has resulted in a demand that the "lid be lifted" from the secret investigation being made by a sub-committee of the senate judiciary committee.

The evidence taken in secret has gradually leaked out, and when the sub-committee met today it considered the advisability of opening the doors.

The charge was made to the committee that agents of the Guggenheims spent \$70,000 in an effort to keep one of their employees out of prison. Itemized vouchers showing an expenditure of \$1800 in an effort to influence court proceedings were presented to the investigators.

It is alleged that U. S. District Attorney John B. Boyce and U. S. Marshal D. A. Sutherland were dismissed because after convicting a Guggenheim employee they began the work of securing indictments against men "higher up."

Sutherland is a Massachusetts man and Senator Lodge has been accused in giving him a chance to clear himself of charges brought against him by alleged friends of the Guggenheim interests. Alaskan Delegate Wickersham is advocating the cause of Boyce and Sutherland.

Against them are Governor W. E. Clark, of Alaska; ex-Governor W. B. Hoggatt and National Committee-man Shackelford.

The battle of Keystone Canyon, near Kalde, on Sept. 25, 1907, is charged by Boyce and Sutherland to have been the starting point of the trouble. The Guggenheims had constructed a railroad grade in the canyon and had afterwards abandoned it. Mer of Kalde organized the Alaska Home Railway Company and announced their intention of taking possession of the grade. The Guggenheims sent up a force of men to work on the grade and Kalde dispatched an expedition to dislodge them. The Guggenheim force was led by Edward Hasey, who was clothed with the power of a U. S. deputy marshal, a fact that is pointed out as an evidence of the alleged favor with which the magnates were regarded by the court.

When the Kalde delegation appeared, the Guggenheim army under the leadership of Hasey opened fire. Two men were killed and three wounded. Hasey was tried at Juneau on the charge of murder in January and February, 1908, and was acquitted. A year later he was placed on trial on the charge of assault with a deadly weapon, was convicted and sentenced to serve eighteen months in the Washington pen.

Ex-Marshal Sutherland has submitted to the committee a letter written by the counsel for Hasey to the Guggenheim agent at Seattle. With it he also presented a file of bills amounting to \$1800 paid to one of the Guggenheims witnesses at the first trial of Hasey. The bills, it is alleged, show in detail how the money had been spent for the entertainment of jurors and witnesses in the first trial. That was the trial in which Hasey was acquitted. The letter stated that the men who had expended the money in behalf of Hasey had been of great assistance. The bills had been approved and paid by the Guggenheim agent at Seattle, H. J. Douglass, who was auditor for the Guggenheims at Kalde until he left their service a few months ago. It is reported to have furnished the papers to Boyce and Sutherland, so Douglass testified before the committee in secret session.

It is reported that the effort of Boyce and Sutherland to get evidence to convict the men alleged to have tampered with jurors and witnesses and one or two others involved, was the cause of the movement that led to their dismissal. Charges were filed against Boyce and Sutherland with the Department of Justice last November. It appeared that there had been a fight at Juneau between Editor A. R. O'Brien, of the Record, owned by Hoggatt, and E. C. Russell, editor of the rival pa-

per, in which Delegate Wickersham is said to have an interest. O'Brien was arrested, pleaded guilty and was fined.

Boyce then procured the indictment of the clerk of the federal court, a jury commissioner and a merchant, on the ground that they had attempted to rescue O'Brien from a policeman. At the trial of one of the court clerks, it was asserted that the trio had urged O'Brien not to resist arrest. The clerk was acquitted and the two other cases dropped. The Hoggatt and Shackelford preferred charges of perjury and incitement to obstruct justice, and those of conspiracy to discredit the local Republican party, against Boyce and Sutherland.

They were referred to Governor Clark by the department of justice for investigation. He recommended the dismissal of Boyce and Sutherland and his recommendation was adopted. When their successors were named the two men filed a protest and the nominations of their successors are held up by the senate judiciary committee pending this investigation. Clark, Hoggatt and Shackelford contend that the Hasey case has nothing to do with the dismissal of the two officials. They say if the latter had the evidence of jury fixing before last February they should have given it to the grand jury. If they got it subsequently it could have no bearing on the case.

DUMPED WHEAT INTO MARKET

Chicago, May 26.—The local wheat market today and May options lost over four points between opening and noon, dropping to \$1.06 1/2. It was estimated that 350,000 bushels were sold in that time. Traders were at a loss to understand where the wheat came from but blamed Patton for selling.

Patton confirmed the rumor that he is to retire from the business July 1. "If I do any more trading," said the wheat and cotton king, "it will be merely for amusement."

UNIVERSITY DEGREE FOR COL. ROOSEVELT

Cambridge, Eng., May 25.—Cambridge university today conferred an honorary degree of Doctor of Laws on Colonel Roosevelt. The ceremony was attended with characteristic college enthusiasm. The students clamored for a speech, but Colonel Roosevelt declined, adhering to his plan to make only one speech in England, that at Oxford, June 7.

The students placed a huge Teddy bear in the path of the party while sightseeing and applauded uproariously when the Colonel violently shook an outstretched paw.

OHIO PEN PRISONERS ON STRIKE

One Hundred and Two Quit Work in Shops, Alleging Bad Meat

WARDEN'S STATEMENT

Claims Contractors for Prison Labor are Sore on Account of Adoption of Golden Rule.

Columbus, O., May 25.—As a result of a strike at the penitentiary yesterday afternoon, when 102 prisoners working in loft shops Nos. 1, 5, 6, 7, and 29 working on the Hayden contract, quit work, stating as their reason the alleged fact that they were not given good meat to eat, Warden Jones has shut down on his golden rule policy as far as offenders are concerned.

Tuesday morning a shipment of meat was received at the prison, which was condemned. The prisoners were not compelled to eat it and good meat was substituted in its stead, according to the warden. Telling that as an excuse, however, 120 prisoners out of 300 working on the contracts, refused to work yesterday.

They were led to their cells and locked up. The strikers were not taken to the dining room for supper and were not given breakfast this morning. At noon they were given bread and water in their cells. "When anyone decides to go back to work he will be taken out of his cell and put on the regular prison diet," Warden Jones said last night.

Warden Jones is of the opinion that the complaint about alleged bad meat is not the real cause of the strike. He thinks it is part of a plot to injure him, probably worked out by representatives of the contractors for prison labor, who, about a year ago, threatened to file complaint against him with the prison board of managers. The warden said last evening:

"They are sore at me because I adopted the golden rule idea in the prison. They wanted the prisoners treated like dogs. I have a suspicion that these contractors thought a number of foremen, who formerly were guards have incited this mutiny. A few weeks ago reports were published that I ran the prison in the last year at less cost than it had been operated in former years. Some of the prisoners then complained that I had been saving money for the state at their expense. Some one aside from the prisoners is behind this mutiny."

"While I will continue to be kind to those who deserve it, the strikers will be given separate trials and the ringleaders will be severely punished. Last night I refused to give tobacco to the strikers."

"The strikers mustn't think that because I gave them turkey on Christmas that they can leave it every day. As it is they get better food than any other prisoners in the world, and are given all they want to eat."

SUBMARINE

Boat Lost in English Channel in Collision and 27 Members of Crew are Drowned.

Calais, France, May 26.—The French submarine Pluviose was sunk today in the English channel in a collision with the packet boat Ville de Calais. The submarine crew of 27 was lost. The accident was due to recklessness of the submarine commander, who was maneuvering half submerged and tried to pass under the steamer. The steamer was badly damaged.

ROLLING PIN

In Hands of Woman Laid the Bur- glar Out and When Picked Up Life Was Extinct.

New York, May 26.—Miss Dora Gelman encountered a burglar in her apartment on the third floor of a Dolansey street building today, and after grappling with him she struck him with a rolling pin with such force that he went through the window, taking the glass and sash with him, and was picked up dead in the court yard below. Police say he is a noted crook. The woman was not arrested.

DICK CLAIMS RE-ELECTION

Arden, O., May 26.—Senator Dick stated today to the next Ohio legislature is bound to re-elect him by the vote he received for re-nomination on the Republican ticket in the recent primaries. He contends that the legislature could not change the law at the department of the people and the people do not have the right to choose candidates for senate by direct vote.

"Unofficially," he indicated his vote will approximate 70,000," he said.

JANE ADAMS NOT MURDERED BY SEYLER, JURY'S VERDICT

May's Landing, N. J., May 26.—William Seyler, accused of the murder of Jane Adams, on the Million Dollar Pier at Atlantic City last February, was last night acquitted. The jury was out over five hours.

The court room was crowded when the jury returned at 10 o'clock and rendered its verdict. Hundreds of persons from Atlantic City and other parts of the county having waited all evening for news from the jury room.

When the verdict was announced there was a cheer from a portion of the crowd, which was quickly silenced by Judge Trenchard. Seyler fairly leaped at his counsel when he realized that he was again a free man.

After greeting his counsel, he walked over to the jurymen and shook hands with each of them, warmly expressing his thanks. The crowd in the court room pressed forward and the acquitted man held an impromptu reception.

After the stir was over Orvis Seyler, William's brother, who had been held as a witness, was formally discharged and the two brothers left the court house and took a train for Atlantic City.

William Seyler's wife returned to Atlantic City before the jury came in. Seyler said he was never in doubt that the jury would free him. It was reported about the court house that the jury considered only two verdicts, first degree murder and acquittal.

The feature of the day was Seyler's denial on the stand of having a hand in the girl's death.

J., May 26.—Declaring that he was back to stay and would protect himself if any effort was made to drive him out of town, William Seyler, acquitted at May's Landing of the murder of Jane Adams, returned home today. SITUATION IS GROWING VERY GRAVE

May Be Much Bloodshed in Central America Be- fore Disputes are Settled

WARLIKE PREPARATIONS

Are Being Rushed and Fighting Continues at Several Places ---U. S. Vessel Searched.

Washington, May 26.—The war cloud in Central America has suddenly assumed an ominous aspect, and despite the good offices offered by the United States and other republics, there seems no way in sight to avert bloodshed.

Only Tuesday it was announced that Peru had accepted arbitration in her boundary dispute with Ecuador. Today comes a cablegram from Ecuador, that in that republic nothing was known of such a plan and that hurried preparations for actual warfare are in progress there.

J. F. Alschul, the representative of Nicaraguan government in New Orleans, has a cablegram saying that Bluefields has been taken by Madriz and that Estrada has been killed.

The cablegram declares that desultory fighting continued at Bluefield Bluffs, six miles from the city but that the backbone of the revolution had been broken.

Little stock is taken in the cablegram here, as no confirmation followed it.

A Nicaraguan government force from the gunboat Venus, at Bluefields, boarded and searched the American schooner Esmeralda, flying the Stars and Stripes. The action was in defiance of a ruling from Washington that the Venus had forfeited her right of search.

Following the search the Venus and the other Nicaraguan gunboat, San Jacinto, were seen approaching the Bluefields Bluff.

The American gunboats Paducah and Dubuque were lying off Bluefields at the time, and it is expected here that their commanders will take prompt action.

General Lara, of the Nicaraguan government army, seeking a position near the city, was repulsed by General Estrada's artillery fire and sustained small losses.

The situation at Rama remains unchanged. General Mena, of the insurgents, is checking every move made by General Chavarria, who has pressed his strength against Rama unsuccessfully.

The government troops landed from the Venia occupy a position on the coast, but have as yet made no definite movement. It is thought they will either attack the bluff from an inland position or make a detour and cut the insurgent communication between Bluefields and Rama.

The insurgent strength in Bluefields has been increased by the enlistment of 1000 volunteers. So far General Estrada has sustained no heavy losses among his forces.

WARLIKE PREPARATIONS.

Guayaquil, Ecuador, May 26.—Much surprise was caused by the publication today of a dispatch from Luis Felipe Carpio, the Ecuadorian minister at Washington, in which he congratulated his country on the peaceful settlement of the trouble with Peru. It is government has agreed to a settlement of the trouble with Peru, and the United States, Brazil and Argentina, the facts are not generally known.

While the peace is proclaimed on the coast of the border.

General Blanco has been to assume command of the Ecuadorian forces on the coast, and the Red Cross ambulance corps is under orders to proceed to Machala.

Bluefields, May 26.—American consular agents here for the Esmeralda have saved the city. Bluefields is drying up, the Atlantic sea is its enemy and the people who live on the coast are in a state of panic.

The attack was made by the gunboat Venus, which is now in the harbor. The American gunboat Venus is now in the harbor. The American gunboat Venus is now in the harbor.

Acquiring Charm.

"If you have charm," says Maggie, the heroine of Barrie's latest play, "What Every Woman Knows," "nothing else matters. And if you haven't charm, nothing else matters either." What then is this wonderful thing, charm? It was a question Barrie's heroine asked as has many another woman. The dictionary says it is fascination. But that does not enlighten much. For how does one fascinate?

Some can do it with beauty. But many a woman without beauty has charm. Some call dress to their aid. But again, many a plainly dressed woman has charm. As Maggie says, "If you have charm, nothing else matters."

Charm may be some subtle, magical thing born with one and not to be acquired. But if a girl will carefully study the woman who has charm, if she will analyze what seems to her its characteristics, and then go to work with a genuine determination to acquire charm, she will secure something that at any rate will be very close to it. Not that she shall be artificial or try to pass off a worthless imitation. But charm is grounded in character and if she will cultivate in her character the ingredients of charm, even if she does not have the born-with quality, she will certainly have a usable near-charm.

Its chief ingredient is unselfishness, a genuine interest in the welfare of others. The thoroughly selfish person

rarely has charm. Pleasantness is another component. The person with charm is pleasant. A certain force of character is necessary, not aggressiveness or undue assertion; but one feels there is strength in the woman of charm, not flabbiness or negation. She is a unit, not a cipher. Kindness, sympathy, all the genial, expansive traits, go to make up charm; but not gush. A little dash of reserve is necessary, for it implies trustworthiness. The woman with charm always makes one feel she can be trusted. The woman who has no reserve, one does not feel can be trusted with a secret.

Charm is the sum total of many beautiful traits. It is like Michael Angelo's perfection, made up of trifles though it is no trifle. A girl may think that sunniness is a little thing or that she cannot always be expected to be in good humor. But can you imagine a woman who has genuine charm as being bad tempered? Sweetness is too thoroughly a part of her nature.

Since then charm is so worth having, if it was not a gift of the fairies at your birth, why not try to cultivate it? If you should never reach the sum total of charm, the possession of any of these characteristics will do no harm and will bring increased joy into life.

a few of the immediate friends of the family being present, owing to sickness in the family.

The bride looked very pretty in a dress of blue silk with lace and Persian band trimmings. Mr. and Mrs. Rogers left on the 2:45 electric car on a long journey to Spolant, Washington, where they will make their future home. Mr. Rogers having an real estate business in that city. However they will go to Newark to see and say good-bye to the bride's aged grandmother, Mrs. Neatch, and other relatives, leaving Newark on the five o'clock car, with the best wishes for a safe journey to their far away home.

BIRTHDAY SURPRISE.

Hebron, May 25.—One of the most delightful as well as enjoyable events that has occurred in our little village lately, was the surprise party tendered Mrs. Carl Green on Tuesday, May 24, in honor of her sixty-fifth birthday anniversary. Mrs. Green has two brothers living in Newark, and the wedding anniversary of the elder, Mr. Joseph Green, happens on the same day. Mr. and Mrs. Green were invited to dine with Mr. and Mrs. Green at their beautiful home on Basin street. At the noon hour, just as they were seated at the table, the door-bell rang and about twenty old friends and neighbors from White Chapel, near the country home of Mr. and Mrs. Green were ushered into the room, each one bearing a well filled basket. The surprise was a complete one, however, and Mr. and Mrs. Green soon rallied from the shock and devoted themselves assiduously to the task of entertaining their self-invited guests. A sumptuous repast was soon spread to which all did ample justice, and after a good social time all departed, wishing Mrs. Green many returns of the day. Mrs. Green was the recipient of number of beautiful postcards.

SURPRISE PARTY.
About sixty of the friends of Mr. and Mrs. R. S. Johnston surprised them at their home in Summit Station on Tuesday evening. The evening was pleasantly spent and a delicious luncheon was served. During the hours several fine instrumental solos were rendered by Misses Ruth Dinworth and Mr. Frank Palmer and Mr. Carl Cornell. The party dispersed with best wishes for the host and hostess.

Mr. and Mrs. Harry Heddlston of Wheeling, W. Va., are in the city to attend the funeral of Mrs. Heddlston's grandfather, Moses Long.

Mrs. Joseph Ruiz is visiting her sister, Mrs. George Miller at her beautiful country home on London street, north of Granville, for a few days.

Mrs. John L. Weidie of Zanesville, who has been visiting relatives, and friends here during the past week, has returned home, after having had a very delightful visit.

Mr. and Mrs. F. W. Follock, the former of whom is the traveling auditor of the B. and O. at this point, have been called to Cincinnati on account of the illness of Mrs. Follock's mother.

Dr. and Mrs. A. V. Davis of Granville street have been called to Hickory, Pa., by the illness of the latter's mother, Mrs. Emery. Word received in this city today states that she is growing weaker daily and Dr. and Mrs. Davis will continue to remain at her bedside.

Charles Brown, who has been spending the past couple of months at the home of his parents in Buena Vista street, left Wednesday night for Pittsburg where he has accepted a position. He will join Mrs. Brown there, who has been at the bedside of her mother for some time past in one of the Pittsburg hospitals.

WHY HE DOES IT.

It isn't often that we have faith enough in the medicines put up by other people to be willing to offer to refund the money if it does not cure. Said Druggists W. A. Erman & Son to one of their many customers, "but we are glad to sell Dr. Howard's specific for the cure of constipation and dyspepsia on that plan."

"The Dr. Howard Co., in order to get a quick introductory sale, authorized us to sell the regular fifty cent bottle of their specific for half price, 25 cents, and although we have sold a lot of it, and guaranteed every package, not one has been brought back as unsatisfactory."

There are sixty doses in a vial that can be carried in the vest pocket or purse, and every one has more medicinal power than a big pill or tablet or a tumbler of mineral water.

Any person who is subject to constipation, sick headache, dizziness, liver trouble, indigestion or a general played out condition ought to take advantage of this opportunity.

A lady from St. Paul writes as substance, as follows:
"When I began using Danderine my hair would not come to my shoulders and now it is away below my hips."

Another from Newark, N. J.
"I have been using Danderine regularly. When first started to use it I had very little hair, now I have the most beautiful long and thick hair anyone would want to have."

CARNIVAL AND FOUNDERS DAY AT SHEPARDSON

All Arrangements Completed for the Big Celebration—News of the Historic Village of Granville.

Granville, May 24.—All the arrangements are now complete for the celebration of Founders' Day and the Carnival at Shepardson College on Saturday, May 25. The exercises for Founders' Day will be held in the evening at 7:30 o'clock in Recital Hall, on which occasion the speakers will be Miss Margaret Burton, daughter of Dr. Ernest Burton, of the University of Chicago, and Professor Goodell of Denison University. In the afternoon will occur the annual carnival, under the direction of Miss Chase, and the exercises will begin at 2:30 o'clock on Shepardson campus. There will be a tennis tournament, game of hockey, May pole dance, contest in archery and lawn dances.

Miss Margaret Burton, who is to speak at the exercises of Founders' Day on Saturday evening, is a daughter of Dr. Ernest Burton of Chicago University, and she has just returned from a trip around the world, in which she made a study of the conditions and needs of our mission fields.

Miss Parsons, accompanied the members of her class of young men in the Bible school, together with their friends into Thorn's woods, where a delightful picnic supper was enjoyed. All had a most enjoyable time.

The preparations for the Spring concert next Wednesday have been progressing rapidly. An extra rehearsal was held Wednesday night, at which the soloists, Miss Ladinski and Mr. Ashton, were heard with much pleasure. The regular rehearsal will be held on Monday evening at 6:30 o'clock, so as to be over for the Sonata recital which occurs at 8 o'clock.

At a meeting of those interested in the Denison University Press club was organized on Tuesday evening of this week, at which the following officers were elected: President, Chester A. Poe; secretary and treasurer, Walter E. Divine; executive committee, Ralph E. Elvin, chairman, Wilbur S. White and Clarence E. Brown. The purpose of the club is to promote the interests of Denison in the newspapers and to advertise the school as wide as possible. A secondary motive is to assist the members in the write-up of articles by providing programs consisting of talks upon various phases of journalistic work and its technique.

The warmer weather of the past several days has been very welcome to all truck-gardeners, for during the cold weather of the past several weeks nothing did any good unless under glass. Some seeds put in the first week of May or even April not even germinated. Others have sprouted, but the young shoots, after coming to the surface, have stayed there, making no advance. One gardener says that lettuce planted the first week of March grew to a marketable size, but that some, planted early in April, has hardly grown large enough for the table by this time. Many flowers which ought to have made a good growth toward June, blooming will be nearly a month late or else sickly and unsatisfactory.

The annual memorial services of Altamaha Lodge No. 296, Knights of Pythias, of this place, will be held on the first Sunday in June.

Mr. and Mrs. G. B. Carson of near Lancaster, O., who have been visiting relatives and friends here during the past week, returned home Wednesday.

CONFESSED TO THE ROBBERY

Suspected of being implicated in the robbery of the slot machine in the Jacob Joseph place in Utica last Friday night, Homer King was arrested by the marshal there Thursday morning and brought to Newark. The store was entered and the slot machine, containing about \$75 in nickels, was carried away. Ernest Cooper, Clyde Meyers and Smith Harmon were also arrested in connection with the case. Chief of Police Zergibel went to the city prison Thursday morning and put one of the men through the "infrid degree" with the result that he confessed and told how the robbery occurred. The machine was taken to the creek bank and broken open, and without the counting the money the men stuffed it in their pockets and threw the machine into the water. The hearing will be held at 2 o'clock tomorrow.

WIDOW KILLED BY TRAIN. Hillsboro, May 26.—Mrs. Catherine Whittle, a widow, who resided a short distance west of town, was struck on a grade crossing by a B. and O. S. W. passenger train yesterday and instantly killed.

USE TIZ— SMALLER FEET

Sore Feet, Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Feet Well, No Matter What Ails Them.

Everyone who is troubled with sore, sweaty or tender feet—swollen feet—smelly feet, corns, callouses or bunions can quickly make their feet well now. Here is instant relief and a lasting, permanent remedy—it's called TIZ. TIZ makes feet well and swollen feet are quickly reduced to their natural size. Thousands of ladies have been able to wear shoes a full size smaller with perfect comfort.

It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct if you wish from Walter Dodge & Co., Dodge Building, Chicago, Ill.

ITALIAN, DRUNK, FLASHES KNIFE

Window Tapper is Nabbed By Police. Other Items From Police Headquarters.

Tony Landy, an Italian, was arrested last night by Officers Abbott and Rinehart, charged with being drunk and disorderly. Landy had a knife and was flashing it about his head when the policemen took him in charge. This morning he was fined \$5 and costs.

A man giving his name as Thomas Foseko, was nabbed by Officer McDevitt in the South End about 2:30 this morning, and slated for disorderly conduct. Foseko, according to several complaints made at police headquarters, was going to different houses and tapping on the windows. He was fined \$5 and the costs.

Two plain drunks were given the usual \$1 and costs fine and one of the men was ordered out of the city.

While the carnival was in Newark last week, a suit case was stolen from one of the employees. Yesterday some small boys playing by the creek in the west end of the city, found the case. Some toilet articles were in it and the boys called the police and the suit case was taken to headquarters.

The patrol was called to Sixteenth street last night, but there was nothing doing.

ACCUSES MAYOR OF UNFAIRNESS

Cleveland, May 26.—Golden Rule Chief Kohler, suspended yesterday pending a hearing before the civil service board of charges preferred against him, today accused Mayor Baehr of unfairness when the mayor refused to let him see the affidavits upon which the charges are based. Kohler has demanded that the trial be in public and has asked the county prosecutor to go over the evidence and to bring about a grand jury investigation if charges of graft are found.

To offer a penny for the thoughts of some people is rank extravagance.

BLOCKADED.

Every Household in Newark Should Know How to Resist It.

The back aches because the kidneys are blockaded. Help the kidneys with their work. The back will ache no more. Lots of proof that Doan's Kidney Pills do this.

It's the best proof, for it comes from this vicinity.

Mrs. W. H. Kirk, 405 Walnut St., Mt. Vernon, Ohio, says: "Some three years ago I gave a public statement recommending Doan's Kidney Pills. At this time I cannot add anything to what I then said, except that my confidence in Doan's Kidney Pills is just as great as ever. A member of my family had suffered from kidney complaint and backache and was unable to get relief until Doan's Kidney Pills were used. They went direct to the root of the trouble and removed all the distressing symptoms. I am willing to give Doan's Kidney Pills my re-endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.
